Helped pass legislation paving the way for charter schools in Kentucky in 2017 and later, in 2022, led efforts to enact legislation providing a funding mechanism for public charter schools.

Successfully lobbied for more than $150 million in additional reimbursement funds to certain health care providers during the COVID-19 pandemic.

Secured millions of dollars in state budget line-items on behalf of multiple clients supporting infrastructure improvements and general operating expenses.

Successfully shepherded legislation establishing the nation's first insurance regulatory sandbox, allowing the Kentucky Department of Insurance to temporarily suspend regulations and laws standing in the way of promising insurance innovation.
