Brandon is a seasoned leader with a wealth of experience in domestic and international manufacturing operations. As an executive for a global Tier 1 automotive supplier, he spearheaded transformative restructuring initiatives focused on enhancing processes, optimizing workflows, and strategically aligning personnel. Brandon is also Co-Chair of the firm's Mobility Industry Team.

In addition to his operations expertise, Brandon has a robust legal background, having spent much of his career as a general counsel advising on a wide range of issues, including commercial, employment, intellectual property and real estate matters, as well as corporate governance, compliance, and risk management.

With his unique blend of experience as a C-suite executive and trusted legal advisor, Brandon offers clients a comprehensive perspective on managing risk and fostering growth in their businesses.
