Real Estate Attorney Steven Regan Joins Frost Brown Todd's Pittsburgh Office

Frost Brown Todd (FBT) announces the addition of Member Steven M. Regan to its Pittsburgh office and the firm's Finance and Real Estate practice group. Regan has nearly 20 years of experience dealing with all aspects of commercial real estate and finance transactions. He has counseled clients across various industries in the purchase and sale, leasing, subleasing and financing of properties, and has also represented lenders in loan sales, loan workouts and forbearances, as well as in multi-state, multi-property credit facilities.

"Steve's broad skill set in serving clients in the financial and real estate sectors is a great addition as we grow FBT's presence in this market," says Kevin Colosimo, Pittsburgh Member-in-Charge. "He has spent his entire career in Western Pennsylvania and brings a depth of experience representing Pittsburgh-based lenders as well as other regional and national real estate and financial interests."

Regan is a frequent lecturer on a range of real estate matters, including commercial leasing, title insurance and mortgage lending underwriting, as well as due diligence and loan documentation issues. He earned his J.D. at Duquesne University School of Law in 1998.
