Chambers USA 2025 Guide Ranks Frost Brown Todd Among Nation's Top Law Firms

28 firm practice areas and 72 attorneys among those listed

The Chambers USA 2025 guide has named 72 Frost Brown Todd (FBT) attorneys and 28 of the firm's practice areas among the best in the legal industry, an increase of six and five from last year's rankings, respectively. The highly respected legal rankings guide recognized FBT's excellence in several areas of law throughout its nationwide footprint. The firm is also pleased to be newly ranked in Tennessee and Texas, further underscoring the strength and depth of its bench in these states.

"Both business leaders and legal professionals look to the Chambers USA rankings when seeking out the most talented and hardest working legal practitioners in the country," said FBT Chairman Robert Sartin. "We at Frost Brown Todd are honored to once again be ranked among the top law firms in the nation and the rankings showcase the strategic investments the firm has been making to attract best-in-industry talent and build depth in key practice areas."

Chambers and Partners, the world's leading research and analytics firm for the legal profession, has published the Chambers USA guide since 1990. The rankings are determined after seven months of in-depth research with law firms and clients, including conducting thousands of one-on-one interviews per year with in-house counsel and third-party experts. Firms and individual attorneys are ranked in Bands 1 through 6, with Band 1 being the highest ranking.

The firm ranked in the following practice areas:

- Banking & Finance (West Virginia and Ohio)
- Bankruptcy/Restructuring (Ohio)

- Construction (Indiana) – **Band 1**
- Corporate/M&A (Kentucky) – **Band 1**
