Frost Brown Todd Attorney Samantha M. Quimby Recognized as One of Managing IP's 2025 IP STARS

Frost Brown Todd (FBT) Partner [Samantha M. Quimby](#) has been named one of Managing IP's 2025 IP STARS, a prestigious recognition awarded to the world's top intellectual property attorneys. The honor reflects Quimby's outstanding reputation in trademark law and her broader contributions to the IP field.

Published by *Managing IP*, which has reported on global IP law and practice since 1990, IP STARS is an annual guide that identifies leading IP practitioners across more than 70 jurisdictions.

Selections are based on a comprehensive six-month research process that includes client and peer feedback, firm submissions, and independent analysis. The guide is widely regarded as "the leading specialist guide for companies or individuals looking for experienced legal practitioners to deal with contentious and non-contentious intellectual property issues."

Quimby is a seasoned brand attorney who advises both U.S. and international clients on a wide range of IP matters, including trademark, copyright, and unfair competition. Her practice emphasizes trademark prosecution, strategic counseling, licensing, enforcement, and litigation. She also supports clients in global anti-counterfeiting initiatives and internet-related IP disputes involving domain names and misuse of copyrighted materials. While her client base spans diverse industries, she has particularly deep experience in the lifestyle, sports and collegiate, and food and beverage sectors.
