[David J. Freeman](#) will serve as Program Co-Chair for “Superfund/Brownfield Update 2024: Federal and State Environmental Law and Policy.” The program is sponsored by the [Section of Environmental & Energy Law of the New York State Bar Association](#) and will be presented as a webinar on December 5 from 9:00 a.m. to 3:00 p.m.

The program will feature presentations by representatives of the U.S. Environmental Protection Agency, New York State Department of Environmental Conservation (NYSDEC), and New York Attorney General’s Office, as well as private bar and expert consultants, regarding recent developments in the federal Superfund and New York State brownfield programs. There will also be a panel discussing the incentives and processes for the siting of renewable energy facilities on brownfield sites in New York State.

The keynote speaker will be [Patrick Foster](#), NYSDEC’s Deputy Commissioner for Environmental Remediation and Materials Management, who oversees the Divisions of Environmental Remediation (including all cleanups under New York State laws), Materials Management, and Mineral Resources, as well as NYSDEC’s Office of Sustainability.

A full description of the program, and instructions as to how to register, can be found [here](#).
