Environmental Group's David J. Freeman to Co-Chair NYSBA's Superfund/Brownfield Program Update 2023

The New York State Bar Association Environmental & Energy Law Section is presenting a virtual conference on the state's brownfield and federal Superfund programs on Tuesday, December 5. Gibbons's David J. Freeman, Environmental Group Senior Counsel, is Co-Chair of the conference, which will feature a distinguished faculty comprising government officials, attorneys, and consultants in the field to review recent developments in both programs. In addition, Mr. Freeman will moderate the panel discussing the federal Superfund program. The CLE event will also feature a panel discussion on current issues in environmental insurance and an update on recent case law involving Superfund and brownfield issues.
